

*"Inspiring a Passion for Learning"*

Salish was created in response to input from teachers saying they wanted to provide field-based inquiry experiences for their students. To continue serving teachers and students as best we can, we would appreciate your input so we can continue to improve our programming and provide evidence of our value to funders. Thanks!

**SOURCE is always growing and changing. Please comment on the following to help us build a better program:**

What was the best part of your SOURCE experience?

Was there anything missing from your SOURCE experience?

Do you think Salish complimented your classroom curricula? How? What more could we do to help you incorporate it?

Do you have any suggestions for improvement of the overall SOURCE program?

When do you decide on your fieldtrip for the following school year?

And when would be the best time to contact you regarding whether you would be interested in taking part in another Salish expedition?

Thank you for your participation!
