

STUDENT PRE & POST EXPEDITION EVALUATION

The information you share on this form will help us make our programs better. Your answers will NOT be traced back to you as an individual or graded for accuracy. If you do not know an answer, please write "I don't know." Please answer ALL of the following questions so we can help you make your trip a success!

Circle One

PRE EXPEDITION

POST EXPEDITION

Name: _____ School/group: _____ Grade: _____

1. Imagine the next few years in school...if you could make a choice about what classes(subjects) you could take, would you choose to take a science class? (circle one)

Never

Doubtful

Maybe

Definitely

2A. Have you ever considered becoming a scientist or working with science? (circle one)

Never

Doubtful

Maybe

Definitely

2B. If not, what do you hope to be? _____

3. Could you design an experiment, using the Scientific Method? (circle one)

I don't know how

I could do it with a teacher

I could do it with classmates

I could do it myself

4. If you designed an experiment using the **Scientific Method**, list below the steps you would include.

5. Please rate for the following *two* sets of terms how you would feel if you were asked to spend a few hours doing a science experiment in the classroom. Select an answer for both a) and b):

a) Bored

Uninterested

Neutral

Interested

Very Excited

b) Anxious/Nervous Somewhat Nervous Neutral

Somewhat Confident

Confident/Comfortable

Two Sided! Please complete the questions on the next page. Thank you!

6. Please rate for the following *two* sets of terms how you would feel if you were asked to spend a few hours doing a science experiment in the natural world:

- a) **Bored** **Uninterested** **Neutral** **Interested** **Very Excited**
- b) **Anxious/Nervous** **Somewhat Nervous** **Neutral** **Somewhat Confident** **Confident/Comfortable**

7. What is a watershed? _____

8. What is your watershed? _____

9. Imagine a typical work day for an environmental scientist...list three things related to water quality that they might measure in their watershed or on the Puget Sound (example: temperature, etc.)

a) _____

b) _____

c) _____

10. List one way humans affect their watershed and the ocean?
